

3-HOUR TRAINING COURSE

# Airway Management

This 3-hour course will equip learners with the necessary skills, knowledge and expertise on how to manage a casualty's airway in the event of an emergency.

The course is suitable for first aiders, prehospital care providers and those working in high risk environments.

## Duration

A 3-hour course consisting of theory and practical work.

## Syllabus

A range of subjects is covered including:-

- The respiratory system
- Principles of airway management
- Airway examination and assessment
- The airway management ladder
- Practical training

## Certification

Although there is no formal assessment, the trainer will assess each individual ongoing throughout the course and issue a certificate of attendance.

## Numbers

A maximum of 16 students can be accommodated on this course.

## Age limit

Learners must be a minimum of 16 years of age to attend the course.
